

SHERPAK™ GOBOAT™ CRADLES

INSTRUCTIONS

- 1. Mount Sherpak Smart Bars to the top of your vehicle**
Mount Sherpak Smart Bars according to the instructions. Sherpak GoBoat Cradles are compatible with factory and most other aftermarket roof racks.
- 2. Attach the Sherpak GoBoat Cradles**
Place a Sherpak GoBoat Cradle **above** your roof rack with the short loop facing the outside. Position the baseplate **under** the roof rack bar so the threaded bolts go through the holes. Thread the securing knobs onto the threaded bolts and tighten.
Position the second Sherpak GoBoat Cradle in-line with the attached cradle. Attach the baseplate and tighten the securing knobs.
- 3. Load your boat**
Place your kayak in the GoBoat Cradles with the bottom of your boat against the tall side of the cradles.
- 4. Strap it down**
Run a Cinch Strap (included) through the loops of the GoBoat Cradle as shown. Feed the end of the Cinch Strap through the cam buckle and pull to tighten. Secure the ends of the Cinch Strap to reduce wind noise.
- 5. Bow and stern**
Be sure to secure your kayak by attaching bow and stern straps in accordance to the manufacturer's instructions.

**Sherpak
GoBoat
Cradle**

Baseplate

Securing Knobs (2)

**Included Cinch Straps
wrap around kayak and
through GoBoat Cradles**
